

**Summary of Substantive Changes to the  
Arkansas State Board of Registration for Professional Geologists  
Rules and Regulations, Section 5-3**

The change to Section 5-3, Roster of Registered Geologists, would allow the Board of Registration for Professional Geologists to publish the required roster via its internet web-site, which would eliminate the burden of printing and mailing approximately 950 directories. This change would relieve the Board of an approximate \$1,000.00 burden.
